

**Please support the Shepard Learning Commons'
3rd Annual Cardboard Challenge!
October 4-6, 2017**

What is the Cardboard Challenge?

Inspired by [Caine's Arcade](#), the Cardboard Challenge is an opportunity for students in all grade levels to collaborate with each other and create something awesome using very basic materials. It's all about students using their imagination, working together, and having FUN! See last year's Cardboard Challenge in action here at Shepard: <http://bit.ly/smscardboard2016>

How you can help?

We could really use the following items to make our event a success:

- Clean cardboard boxes--the bigger, the better (No styrofoam.)
- Food boxes
- Paper towel and gift wrap rolls
- Duct tape
- Packing tape

****Donations of these items will be accepted in the Shepard Learning Commons beginning on Wednesday, September 20.**

We also could use your help running the Challenge and getting everything cleaned up in the end. Please volunteer your time here: <http://signup.com/go/ofXXoTC>

Any questions?

Please reach out to Shepard's library information specialist, Andrea Trudeau, at atrudeau@dps109.org or (847)948-0620 ext. 5105.
